Education:

May 2021 - James Madison University, BA: Political Science, Harrisonburg, VA

Experience:

January-May 2021 - JMU Political Science Senior Semester Project

Position: Policy researcher and Analyzer

Duties:

- Performed a semester long research project investigating the 2020 National Presidential election and early voting impacts.
- Used qualitative and quantitative research methods to analyze each individual U.S. State and its election participation at polls and through early voting.
- Thesis targeted the states of Virginia, Florida, Washington, and Oklahoma in order to show the impact of quantitative research and critical importance of early voting through Mail-In Ballots.
- Analyzed and concretely concluded the positive impact of early voting through Mail-In Ballots in the 2020 Presidential election had towards the election outcome.
- Presented thesis research to Political Science department professors.

August-November 2020 - JMU Voter Guide 2020

Position: Student representative for JMU Political Science Department

Duties:

- Assisted in formatting and creating 2020 Voter Guide for James Madison University students and community giving helpful information on the 2020 Presidential Candidates, US Senate Candidates, US State House of Representatives Candidates, Harrisonburg City Council Candidates, and Harrisonburg City Public School Board Candidates.
- The guide gave an insight for the candidates of local legislator by conducting interviews with both Harrisonburg City Council Candidates and Harrisonburg City Public School Board Candidates asking thoughtful questions regarding legislation and community improvement.
- The questions and answers were transcribed and included within the 2020 Voter Guide giving the James Madison University students and community accurate information for each individual election.

May-August 2019 - NVPools, Inc.
